

FOR THE CLIMB OF YOUR LIFE!™

18th December 2005

Dear Craig

On behalf of BridgeClimb, I would like to take this opportunity to thank both Julie and yourself for providing such an inspiring and practical training session for our retail Team Members and Managers.

The overall feedback has been nothing but glowing. The smiles and energy are still present within the team and they have continued to connect with Every Climber Every time.

Our team has definitely been inspired by the training and as a result, our sales targets have not only been met, but have exceeded our expectations..Thankyou.

We contribute the successful sales results to the outstanding training in which your team delivered. We can't wait to work with The Making Training Work Team again in the not too distant future.

Once again Craig thank you for delivering one of the most energized and result driven training sessions that I've had the pleasure in attending.

Yours sincerely

Deborah Cogin
Human Services Manager
BridgeClimb
